

Table 1) Frequency of demographic characteristics of veterans and non-veterans in three levels of independent, relatively dependent and dependent activity

| Demographic Variables | Total Number | Veteran (n=25) | | | Non-Veteran (n=85) | | |
|--------------------------|--------------|-----------------|---------------------------|---------------|--------------------|-----------------------------|----------------|
| | | Independent (9) | Relatively Dependent (10) | Dependent (6) | Independent (54) | Relatively Independent (18) | Dependent (13) |
| Gender | | | | | | | |
| Female | 47 | 3 | 4 | 1 | 24 | 7 | 8 |
| Male | 63 | 6 | 6 | 5 | 30 | 11 | 5 |
| Education Level | | | | | | | |
| Less than Diploma | 30 | 4 | 3 | 2 | 13 | 4 | 4 |
| Diploma | 38 | 3 | 5 | 1 | 18 | 8 | 3 |
| University | 42 | 2 | 2 | 3 | 23 | 6 | 6 |
| Age Range (Years) | | | | | | | |
| 30-39 | 59 | 7 | 6 | 2 | 28 | 11 | 5 |
| 40-49 | 27 | 1 | 3 | 3 | 11 | 5 | 4 |
| 50-59 | 24 | 1 | 1 | 1 | 15 | 2 | 4 |

Table 2) Mean score of instrumental and non-instrumental daily activities of veterans and non-veterans in patients with lower limb amputation in the levels of independent of physical activity, relatively dependent and completely dependent

| Variables | Independent | Relatively Independent | Dependent |
|--|-------------|------------------------|-----------|
| Instrumental Activity Daily Life (IADL) | | | |
| Veterans | 11.66±6.76 | 9.00±2.75 | 2.33±0.32 |
| Non-Veterans | 12.53±5.77 | 8.11±3.48 | 4.23±1.01 |
| Activity Daily Life (ADL) | | | |
| Veterans | 12.66±3.43 | 9.61±3.65 | 5.16±0.58 |
| Non-Veterans | 13.88±6.16 | 9.55±2.16 | 4.69±1.26 |

Table 3) Mean score of life quality components and pain self-efficacy in veterans and non-veterans lower limb amputees with the independent, relatively independent, and completely dependent activity level

| Components | Independent | Relatively Dependent | Dependent |
|--|--------------|----------------------|---------------|
| Physical Operation | | | |
| Veterans | 44.17±9.73 | 34.52± 13.43 | 35.48± 14.74 |
| Non-Veterans | 29.13±10.64 | 38.67± 16.57 | 41.37± 70.42 |
| Role Limitation because of Physical Problems | | | |
| Veterans | 42.64±12.42 | 34.16±17.55 | 41.62 ± 19.68 |
| Non-Veterans | 36.94±17.64 | 43.54±25.37 | 75.33±14.63 |
| Perception of General Health | | | |
| Veterans | 40.25± 15.53 | 43.74 ± 18.63 | 31.64±18.53 |
| Non-Veterans | 38.58±18.77 | 41.53±18.86 | 27.84±18.55 |
| Physical Pain | | | |
| Veterans | 59.46±16.42 | 30.87±15.66 | 33.91±14.64 |
| Non-Veterans | 47.91±1.58 | 37.94±19.88 | 29.16±14.67 |
| Role Limitation because of Psychological Problems | | | |
| Veterans | 58.65±23.47 | 53.77±21.69 | 54.95±21.36 |
| Non-Veterans | 22.24± 11.68 | 55.68±26.91 | 53.47± 20.89 |
| Energy and Vitality | | | |
| Veterans | 57.45±27.36 | 49.95±19.73 | 58.65±19.59 |
| Non-Veterans | 55.43±26.77 | 60.23±27.86 | 48.77±19.36 |
| Mental Status | | | |
| Veterans | 63.56±19.62 | 58.26±26.43 | 51.33±20.47 |
| Non-Veterans | 61.75±26.43 | 54.35±21.77 | 44.64±21.57 |
| Social Function | | | |
| Veterans | 78.98±25.85 | 63.64±76.48 | 59.11±71.74 |
| Non-Veterans | 61.62±31.58 | 58.70±24.68 | 55.88±23.78 |
| Total Score of Physical Operation | | | |
| Veterans | 46.63±15.62 | 36.31±16.44 | 35.66±18.36 |
| Non-Veterans | 38.14±26.77 | 40.42±15.38 | 30.92±15.43 |
| Total Score of Psychological Operation | | | |
| Veterans | 64.66±27.86 | 56.34±24.53 | 56.01±16.89 |
| Non-Veterans | 60.31±27.34 | 57.24±16.48 | 50.69±78.54 |
| Total Score of Life Quality | | | |
| Veterans | 55.65±32.58 | 46.32±15.84 | 45.31±18.85 |
| Non-Veterans | 49.33±16.44 | 48.87±19.47 | 40.81±13.82 |
| Self-Efficacy of Pain | | | |
| Veterans | 73.88±53.83 | 54.00±24.07 | 44.46±18.27 |
| Non-Veterans | 62.77±13.37 | 60.51±36.68 | 35.49±19.63 |

Table 4) Pearson`s correlation coefficient between the components of quality of life, pain self-efficacy and instrumental and non-instrumental daily activities

| Variables | Physical Operation | Psychological Operation | Total Score of Life Quality | Pain Self-Efficacy | Instrumental Daily Activity | Non-instrumental Daily Activity |
|---------------------------------|--------------------|-------------------------|-----------------------------|--------------------|-----------------------------|---------------------------------|
| Pain Self-Efficacy | 0.58 | 0.31 | 0.54 | 1 | 0.61 | 0.63 |
| Instrumental Daily Activity | 0.27 | 0.32 | 0.49 | 0.62 | 1 | 0.89 |
| Non-instrumental Daily Activity | 0.31 | 0.37 | 0.44 | 0.63 | 0.89 | 1 |
