

Table 1. Frequency of depression level in terms of demographic variables

Factor	No depression	Mild depression	Moderate depression	Severe depression
Occupational branch				
Law enforcement (48 people)	48	0	0	0
Traffic (53 people)	13	14	18	8
Criminal Investigation (47 people)	31	8	7	1
Administrative and support (32 people)	32	0	0	0
Educational level				
Below Diploma (2 people)	2	0	0	0
Diploma and associate degree (88 people)	62	13	10	3
Undergraduate (70 people)	47	7	10	6
Masters and above (20 people)	13	2	5	0
Age				
Younger than 35 (72 people)	62	7	3	0
35 to 45 (85 people)	57	13	15	0
Above 45 (23 people)	5	2	7	9
Type of residence				
Private (89 people)	89	0	0	0
Leased (68 people)	13	21	25	9
Organizational (17 people)	17	0	0	0
Others (6 people)	5	1	0	0
Marital status				
Single (16 people)	16	0	0	0
Married (164 people)	108	22	25	9
Monthly income, Toman				
From 500 thousand to 1 million (11 people)	0	3	6	2
From 1 to 1.5 million (21 people)	8	4	7	2
From 1.5 to 2 million (35 people)	31	3	1	0
Over 2 million (113 people)	85	12	11	5
